

How To Rebrand Your Report

Step 1 – Open the PDFBrand.exe file. Drag & Drop the DanThompson-Rebrandable.pdf onto the rebrander.

You'll then see this...

A screenshot of the same application window, now showing a form for entering user information. The title bar text is 'C:\Web Design\Rebrandable Ebooks\Auction Aces Interview Se...'. The menu bar and toolbar are the same. The main area contains the text 'Enter your own information into the fields below.' followed by three input fields: 'YourD9HostingAffiliateID', 'YourReferrerID', and 'YourWebsiteName'. Each field has a small asterisk (*) to its right. Below the fields is the text 'All fields marked with a * are mandatory.' The status bar at the bottom shows 'Ready' and 'NUM'.

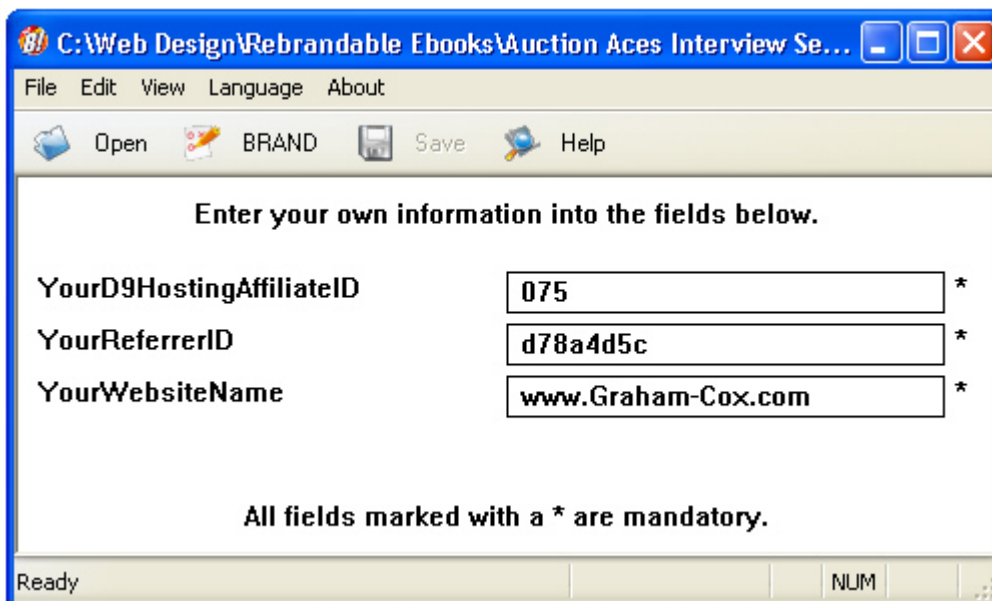

Step 2 – Enter your D9 Hosting Affiliate ID. You can get your ID from [here](#)

Note: you only need to enter the part after <http://www.d9hosting.com/clients/aff.php?aff=>

Step 3 - Enter your Boomerang List Builder Affiliate ID
Enter it where it says **YourReferrerID**

Finally enter your website name (without the http:// part).

Check out the example below...

The screenshot shows a web browser window with the title "C:\Web Design\Rebrandable Ebooks\Auction Aces Interview Se...". The browser's address bar is empty. The page has a menu bar with "File", "Edit", "View", "Language", and "About". Below the menu bar is a toolbar with icons for "Open", "BRAND", "Save", and "Help". YourWebsiteName	www.Graham-Cox.com	*

Below the input fields, a note states: "All fields marked with a * are mandatory." The status bar at the bottom shows "Ready" and "NUM".

Step 4 – Once you have filled out all the details as in the example above, click the BRAND button. Then hit the Save button and save the newly created pdf as...

DanThompson.pdf

Step 5 – Open it up and check the affiliate links and your website URL all work.

Step 6 – Provide this rebranded ebook to your customers or give it away to build your list or just to provide great content.
